The Whole Armor

JESSIE M. GREEN

Wearing the Armor of God is More Important Today Than it Has Ever Been in History ...

It is importance to wear the armor of God each
And every day no matter how young or old we are.

The Truth is Many Teens are Searching for Something More ...

The full armor is meant to bring strength, stability and encouragement so you can receive all that God has for you.

JESSIE GREEN 3/1/2021

Teens need God in their lives and may surprise you with how agreeable they can be to listening to messages about him.

Teens are important to God. It is time to answer the challenge and let Teens know just how really important they are to Him!

God is able to work with them Now! Yes, a lot of times they can be stubborn and a little difficult **but God can and will** meet the needs of all of our teens.

Our teens are well on their way to adulthood, which means they often don't want to hear from older adults about how to do things.

And while some can have sweet dispositions; **others can be cynical and/or withdrawn.**

To make matters worse, in today's modern society **they must deal with a number of different temptations daily.**

But does all of that mean we should just give up? **OF COURSE NOT.** Afri-Female will continue to mentor and work with teens in every way possible to help them get through this COVID season.

Physics dictates a body in motion will stay in motion. We want kids to always be in forward gear to defend their beliefs. We show how feet carrying the Gospel of Truth are always needed!
